

Topic : Some people prefer to buy food produced in their local area.

Do you think more people will buy locally produced food in the future?

I think more people will buy locally produced food in **the** future.

To begin with, more and more people are interested in helping **protect** the environment.

Locally produced food ~~dose~~ **does** not need **to be** transported ~~over~~ **for a** long time by truck.

~~So~~ **As a result**, people want to buy **fresh vegetable or fruit** near ~~the~~ local famers.

In addition, buying locally produced food **leads** to ~~improve~~ **improving the** local economy **stronger**.

In conclusion, I ~~think~~ **believe** more and more people will buy

**Locally produced food in the future.**
